

## HYBRID AND STREAMING EVENTS 2021 -2022

VENUES FROM: **IET**

**At IET London: Savoy Place we strive to offer a wide variety of audio visual and technical solutions to enhance the connection and engagement with your audience, whether they are in the room physically or remotely.**

We're delighted to provide the below packages for streaming your event or creating a hybrid event when using our smaller flat floor spaces, in a u-shape or cabaret set up. If you want to have a few delegates in the room with a few speakers, but also need to connect with the rest of your delegates virtually, we have some great solutions to simply stream your content online or engage your audience remotely with a hybrid event.

In addition to the complimentary guest wi-fi throughout IET London: Savoy Place, each of our hired event spaces come with a built in hardwire internet connection to support your connectivity needs.

### VIDEO CONFERENCE SOLUTIONS

### PRICES

All prices exclude VAT

---

#### VIDEO CONFERENCE PACKAGE A (Small meeting 2-8 people)

£150

Logitech BCC 950 camera, 2 paired Jabra speakers 710. This package is suitable for smaller events, where you have delegates that need to call and be visual in your meeting from 2 to 8 people. This set up would be using our built-in screens in our rooms and using your own laptop and streaming platform.

---

#### VIDEO CONFERENCING PACKAGE B (Medium meeting 8-20 people)

£295

Logitech Rally system, this is suitable for medium events from 8 to 20 delegates. Using built-in screens and audio system provided with our rooms. Using your own laptop and streaming platform.

---

---

## VIDEO CONFERENCING PACKAGE C

£650

### (Kelvin, Turing, Riverside and Maxwell only)

Reach out to your remote attendees from one of our event spaces.

One-way VC integration in client's preferred online meeting platform. Professional PTZ camera wide shot, audio feed from digital sound desk. Additional dedicated AV technician and desktop PC.

Online meeting platform details to be agreed prior the event.

---

## VIDEO CONFERENCING PACKAGE D

£650

### (Kelvin, Turing, Riverside and Maxwell only)

One of your speakers or presenters is not able to attend in person?

We can integrate a remote speech or presentation into the main screen and audio system of one of our event spaces. Interaction will be enabled to allow Q&A's from on-site audience. Additional Dedicated AV Technician and desktop PC, maximum two remote presenters, non-consecutive.

---

" Please note Package C and D cannot be combined. If technical requirements exceed the offer of Packages A to D please refer to IET.TV solutions "

## DEDICATED WI-FI NETWORKS

If you require dedicated Wi-Fi for your event, we can offer the following speeds:

---

30Mb	£120
50Mb	£210
100M	£300

---

These packages will be customised with your own SSID and Password. Please let your co-ordinator know if you require dedicated Wi-Fi.
