DATE	5 June 2019

ABOUT

The event was for Aurora Energy Research and is their annual Summer Renewables Summit held in early June. The event brought together senior leaders in the renewable industry including government, finance, developers, technology providers and sector industry leaders. There were over 350 delegates in attendance for a half-day session with Lloyds Bank as the headline sponsor.

HIGHLIGHTS

The day started off with a VIP lunch for speakers and sponsors, followed by the rest of the delegates arriving for tea, coffee and networking.

The conference then took place in the Kelvin Lecture Theatre, with presentations, a 1-2-1 interview, panel debates taking place. There's was a coffee break half way through to conference to recharge and network.

Delegates then moved to the roof terrace for more networking, drinks and a fantastic London skyline view.

WHY IET LONDON SAVOY PLACE?

Great location and the venue suited our needs (including a roof top terrace for a summer event – perfect!)

"I was very impressed with the staff and the venue at IET, nothing was a problem. Stefano (Meeting & Events Co-ordinator) went above and beyond to make sure the event was a success (even my last-minute changes on numbers at the VIP lunch, including a dietary requirement!). We've already booked for next year."

AMY HEWICK, FREELANCE EVENTS MANAGER AT HEWICK EVENTS
