## HEIDRICK CONSULTING

EVENT SPACE	USE OF SPACE
Flowers Room	Networking
Lovelace Room	Team building activity
Watson-Watt Room	Team building activity

DATE 10 October 2019

### ABOUT THE EVENT:

Heidrick Consulting were looking for a venue in central London that could host a team building event for up to 50 delegates. The aim of the event was for delegates to do something a bit different to a traditional sit-down dinner but still be able to eat and have fun with their colleagues.

Hedrick Consulting wanted activities that would be suitable and enjoyable for all those attending, therefore the event was split into two groups, one half making pizzas and the other half decorating cupcakes, both groups then swapped activities. Guests all loved the interactive nature of the activities.

This was the first time the catering team at Savoy Place had hosted a team-building event like this, here's what Leo Rodley, Head Chef, had to say about the event:

This event was a lot of fun to host. It and required a lot of organisation and team members to make it run smoothly, on the night there was myself running the pizza making, our pastry chef leading the cupcake decorating, as well as four members of front of house and four team from kitchen.

A big challenge for us was moving the delegates from one activity room to another. To make the event run a little quicker we had pre-make the pizza dough and spent our time with the delegates showing them how to press and cook the dough, providing them with recipe cards after. The cupcakes were also pre-made, guests seemed to have a lot of fun decorating them!

*"We had so much fun, the feedback was amazing. The perfect amount of activity and drinking, chatting and eating after a long day. Everyone loved the venue too and said that this was definitely not the last time Heidrick would be there."*

JUDITH FREUDIG, LEARNING COORDINATOR, HEIDRICK CONSULTING
