HYBRID AND STREAMING EVENTS 2026

VENUES FROM: **IET**

As part of the Institution of Engineering and Technology, we are dedicated and passionate about the technical capabilities at IET Birmingham: Austin Court and are delighted to offer a wide variety of solutions to enhance your events.

Below you will find various options for streaming and hybrid events when using our smaller flat floor spaces and options for live streaming events from all our rooms including the Kingston Theatre.

All prices are additional to room hire rates and exclude VAT.

Please note streaming and hybrid event packages are prices starting from, we recommend a meeting to discuss your full requirements with our Streaming Team so we can quote accordingly.

UPGRADED AV IN MEETING ROOMS

We have recently installed AV technologies in some of our rooms so they are up to date with the latest capabilities for hybrid meetings.

The Nureva® HDL310 system offers pro AV performance for spaces without the complexity of traditional systems. It uses patented Microphone Mist™ technology for full-room audio coverage, enhanced by advanced algorithms for improved echo cancellation, speaker EQ, and noise reduction.

The Logitech Rally technology is a premium PTZ camera with Ultra-HD imaging system and automatic camera control that we use in many of our meeting rooms, and has now been expanded to the Crompton and Telford Rooms.

CAPABILITIES

-
- Installed in the **Crompton Room** and **Telford Room**
 - Both rooms have a Logitech Rally Full HD movable camera
-

USAGE

-
- Speaker/microphone and camera can be used seamlessly for Teams, Zoom and Google Meet
 - Ideal for rooms of this size for small/medium hybrid meetings and events
-

Kingston Theatre for streaming packages, 2 technicians are recommended, one Technician is included, and the other additional charge £375 (exc VAT) for the day.
